TALK OF THE TOWN

By HANK FILIPPONE

The latest attempts by the junior black and blue sheet to influence the advertisers of this paper to drop their ad backfired, as junior well knows, last Saturday. Haven't you learned, yet, that people get tired of listening to half truths all the time, Cap'n?

One of the nicest affairs this season, was the Lions Easter Ball last week. A very large crowd, enjoyed the excellent music and buffet lunch that the Andover Country Club provided. Our congratulations to Tony Joannides and his committee on the successful handling of the affair.

This large outfit moving into Wilmington will be about half the size of Avco---according to information received. The logical location is in No. Wilmington, in that large area that is predominantly Rural area, with an exception of a certain parcel of land.

Groundbreaking ceremonies will take place next Sunday--at the site of the newly proposed St. Dorothy's Church.

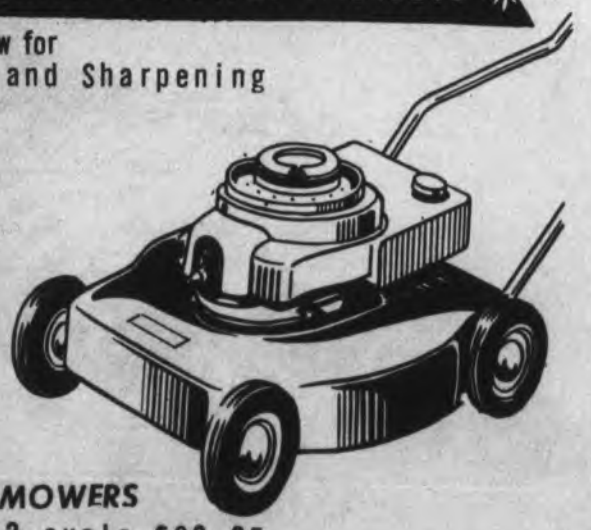

A special town meeting, to be called in the near future, will probably have the town asking the people to purchase land for industry.

Am happy to report that likeable Bob Peters came out of the Brown Room with the Green Door--smiling!

THINGS I NEVER KNEW--that the daily cost of School Buses is $189.00--that the service charge for the Police Cruisers for the month of December was $238.00--that the veterans clubs will be under artillery fire shortly--that industrial zone area, right smack in the middle of the rural area in No. Wilmington is catching glances from a large concern--that a poll of the families in the St. Thomas' Parish favored a Parochial School, by a large majority.

'THINGS I DO KNOW--that any attempt to try to report on the gravel situation in town is negative, at least as far as understanding the problem correctly--that everyone is watching that $3224.00 that was appropriated for the salary of the purchasing clerk, of which no money has been spent since T.M. abolished the job--that at anytime at all, the T.M. or the Chairman of the Board of Selectmen could have granted permission to use the ambulance, had they desired to do so--that Marge LaRivee is quite happy at her new job.

The bride's mother wore an aqua full skirted dress with pink accessories. The mother of the groom chose a lovely gray suit for the occasion, and both had matching corsages.

For her wedding trip, which will be a tour of the N.E. states, the new Mrs. Marsi wore an aqua and white chiffon dress with white accessories.

'WIRETAPPER' TO BE SHOWN SATURDAY NIGHT

'Wiretapper', the dynamic Hollywood film, depicting the true story of Jim Vaus and his conversion to the Christian faith when in the employ of gangster Mickey Cohen, will be shown this Saturday night at 7:30 p.m. at the First Baptist Church of Wilmington, 173 Church Street. Vaus, an electronical genius, amazed both the law enforcement agencies and the underworld, up to his conversion, with his fantastic ability which was devoted to crime.

'Wiretapper' records this part of his life and the equally dramatic phase when he makes his break with Cohen's gang after his conversion at a Billy Graham rally. When he makes the break, a pistol is aimed at him and he's warned not to move, but he walks out anyway. Amazed by his boldness Cohen's henchman never does pull the trigger.

Vaus is portrayed by Hollywood star, Bill Williams, This 90-minute film is one of the most amazing ever to have come out of the 'Celluloid City' on the West Coast.

Everyone is cordially invited to attend the film showing sponsored by the combined youth groups of the church. There is no admission fee but a free-will offering will be received to help defray the expenses of the program.

LINES OF LOVELINESS

BY JENI JANERICO

Your Coiffure Is The Keynote

FEW WOMEN make their own hats—yet many attempt to style their own hair! This always surprises me. The way your hair looks is the most important part of your appearance. As one of my colleagues often says, you can *remove* a hat. But you can't very well remove your hair! When you snip away at your own tresses, you're flirting with trouble. It takes a skilled hairdresser to properly shape your hair, trimming it to smart, smooth well-groomed lines. And it stands to reason that it takes a professional beautician to give a truly fine, lasting permanent wave.

OPEN MON. 9 12 NOON

(YOUR NAME)

The right professional permanent wave is the foundation on which we build your younger look. It gives your hair a young "feel" and sheen. The right color provides a lovely frame for your eyes and face. But it is the **styling** that creates the true illusion of years-off! It is not enough merely to come to our salon for your wave—and then stay away till you're ready for another permanent. You owe yourself the young, exciting lines only the skilled hands of the professional hairdresser can give your coiffure . . . snipping here, curling there . . . creating magic! Visit us often—then listen for compliments.

The idea of this tournament will be to teach good sportsmanship and further develop the art of self defense. It will in no tend to commercialize on their talents. Trophies will be awarded to the different classes.

Do preserve your carpets and upholstered furniture by having them cleaned professionally. Your retailer can suggest the right company to do the job.

Do clean your closets and wash these walls before having the mothproofers in. The men who clean your carpets will probably be equipped to do this mothproofing job as well.

Do follow a weekly care schedule, to keep the house fresh after the major cleaning. Vacuum your carpets twice a week, oftener in heavy traffic areas.

ServiceMaster also suggests five important **"don'ts."**

Don't scrub hard-surfaced floors with soap and water. Use a cleaner to remove the old wax, then re-wax.

RETIRING PRESIDENT HENRY FOSTER

ROTARY CLUB HEARS M.I.T. MENTOR

Principal speaker at the weekly luncheon meeting of the Wilmington Rotary Club last week was Henry McCarthy, Director of Athletics and Basketball Coach at the Massachusette Institute of Technology. McCarthy is the original organizer of the 'Tech Tournaments' wherein the top high school teams throughout the state compete for championship honors. His presence was occasioned by the honoring of the local crack basketball team by the Rotary Club. Trophies were presented to members of the team, with special tribute being paid to Captain Winston Fairfield, who scored 578 points in 17 scheduled games. Young Fairfield established three new league records during the past season: 378 points in the league; 50 points in one game; and 15 foul shots in one game. Fairfield has already had many college offers, according to Coach Fred Bellissimo, one of the honored guests at the luncheon. Presented trophies were: Paul Bova, Thomas Del Visco, Winston Fairfield, Roger T. Hastings, Philip Kavanaugh, Roger Luken, Allan MacDonald, Warren McFeeters, Ernest Moegelin, Albert Penny, Brian Phillips, William O'Keefe, and William Ethier. Present also as guest of the club was High School Principal Bernard Mc Mahon. In charge of arrangements for the program was Joe, Babbitt, chairman of the Youth Committee.

The meeting was chaired by President Henry Foster, with Dav Davis running the $2 window for Ralph Swanson, and with Dick Harding giving the invocation. Visitors introduced by Fred D. Cain, chairman of the Attendance Committee, were: E.W. Gibson (Belmont), Frank Merriam (Danvers), James Parker (Burlington), Ray O'Brien (Reading), Earl Van Horn (Reading), and Ray Johnson, (Reading). In addition to the above visiting Rotarians, and introduced also by Fred were L.G. Darrow (guest of E.W. Gibson) and one of Wilmington's finest, John Ritchie (guest of Henry Porter).

Following the sing-sing led very capably by John Collins, was the introduction of the club's newest member, Philip LeDuc, by Meyer Weinberg. Phil whose classification is "Greeting Cards," was warmly welcomed into the club by President Henry Foster. Millard Pipes announced that his committee is working with the Ladies Night Committee in planning a gala program at the New Ocean House in Swampscott on April 29. It is understood, according to a private poll of the membership, that a 100% attendance at Swampscott is in the offing.

WILMINGTON ROTARIANS ELECT

Elected unanimously at the annual meeting of the Wilmington Rotary Club, held at Masonic Hall in Wilmington recently were: Rufus 'Bill' Stevens, President; Ralph M. Swanson, Vice-President; Edward V. Osberg, Sergeant-at-arms; Henry Porter, Secretary; and Davenport F. Davis, Treasurer. Elected to the Board of Directors were: John Cafiso; Fred D. Cain; John Fitzgerald and Harold Foley. The new officers will take office on July 1st. Retiring is current President Henry Porter.

Under President Foster's leadership, a very ambitious program of activities has been established for the 1957-1958 Rotary year, now nearing a most successful conclusion. The most significant accomplishment to date, perhaps, was the establishment of the Wilmington Rotary Student Loan Fund, which will make it possible for worthy high school students to obtain financial aid in furthering their education. Key events during his tenure as President were: the public-speaking contest for High-School students in Wilmington and Quebec (co-sponsored with the Quebec Rotary Club); the 'Attendance Contest' between the Wilmington and the Stoneham Rotary Clubs (won handsdown by Wilmington with 12 100% meetings out of 13); celebration of the 54th anniversary of Rotary International (marked by a joint-meeting with the Wilmington Lions Club); the Rotary Horse Show (which netted approximately $600 for the student loan fund); the Tyngsboro Clambake (which netted approximately $200 for the student loan fund); and the testimonial luncheon for Rev. Stanley Cummings (our past secretary and now honorary member). Attendance has been running at an all-time high, and the attendance record at the Wilmington club is envied by Rotary Clubs throughout the entire Rotary District. A change in procedure was instituted this year whereby monthly "fireside" meetings of the Board of Directors have been held in the homes of members of the Board on a rotational basis. Programs of the highest calibre and greatest general interest have followed the weekly luncheon-meetings, as evidenced by the very small percentage of "early-leavers". The Annual Convention of Rotary International, which is to be held in New York this June, will mark the close of President Foster's tenure of office. A large delegation of Wilmington Rotarians is expected to attend.

Dr. Foster was elected to the Wilmington Rotary Club in 1953 He has served three terms on the Board of Directors, was General Chairman of the Anniversary Committee through which the Rotary Club sponsored the celebration of Wilmington's 225th anniversary, served two terms as Chairman of the International Service Committee, served one term as Club Service Chairman, and held the offices of Sargeant at Arms and Vice-President before becoming President in 1958.

A native Bostonian, Dr. Foster matriculated through the Boston public school system, after which he majored in Veterinary Medicine, receiving the degree of Doctor of Veterinary Medicine in 1946. After a short tour of duty with the United Nations Relief and Rehabilitation Administration (UNRAA) as Senior Veterinarian, he established the Charles River Breeding Laboratories in Boston's West End. The present location of the Laboratories in North Wilmington, which was established in 1956, satisfied a requirement for larger and more modern facilities. Currently, the Laboratories employ some forty personnel, specializing in the production, post-natal care, and shipment of approximately a half-million laboratory animals annually, to scientific and medical research centers throughout the entire world.

Dr. Foster is a member of the following societies: The Institute of Laboratory Animal Resources; National Academy of Sciences; The Animal Care Panel; The Laboratory Animal Breeders Association; Massachusetts Veterinary Society; American Veterinary Medical Association; American Board of Laboratory Animal Medicine; The New York Academy of Sciences; American Association for the Advancement of Sciences The United States Livestock Sanitary Association and the Society of American Bacteriologists. CUB SCOUT NEWS PACK 58

The meeting for the Pack 58 Cub Scouts was held on April 3rd at 7 p.m.

The theme for the month was Canada.

Each den's ideas of this country was shown in their expert displays. A Guide(cub-Scout) from each den escorted the parents to their individual displays. A trapper (Cub-Scout) took over to tell about the display from his own den. Each den contributed 1 guide; 1 trapper and 2 mounties.

The den meetings were a pretty busy place, as the boys and their den mothers made suits for the mounties, arm bands for guides, hunted up suits for trappers, made a placque for a province in Canada, and then went to work on their display.

Den I--Taking mostly the hunting and fishing theme in mind, made placques of wood 5"x5" with a personalized picture on each and nail dented all over, making the picture stand out

Den III--With the trade in mind, set up a trading post, equipped with its own Indian and trader. The nicest part of this display was the iced over lake that was made of glass with innumerable objects on it to fit the scenery.

Den IV--This den brought only their Totem-poles, however we didn't get the chance to see their bird feeders. The birds couldn't give them up up for even one day.

Den VII--Made a large cardboard trading post with a table and benches inside. They thoughtfully left off the top so we could see all of its wares.

The meeting was opened with a parade headed by our Cubmaster, Carl Bishop, carrying the American flag, and Mr. Bielicki by his side with the Pack flag. Behind in twos were our Mounties carrying their placques of Canadian Provinces and their den flags.

With all this splendor on our stage, we gave the pledge of allegiance and sang the Star Spangled Banner.

Awards were given by Mr. Bishop and Mr. Bielicki to boys, with a parent attending each cub whenever possible. The stage was very appropriate with its maple leaf between two lighted candles.

The charter was the main event of the evening, presented to Mr. Bielicki our chief Committeeman by Mr. McAndrews, President of the Silver Lake Betterment.

Games were played and prizes awarded to the winners.

Let's not forget, parents are asked to accompany their sons. The only sad note of the evening was the disappointingly low attendance of parents. Let's not let our boys down. See you all next month??

The following awards were presented:
Bob Cat Pin-Robert Davidson;
Wolf Badge-James Briggs, Joseph Powers, Thomas Labo, Clifford Southmayd.
Bear Badge-Robert Leverone, Donald Godfrey, Robert Hand.
Lion Badge-Kevin Carney
Gold Arrows-David Boeri, Robert Hand, James Parziale.
